

\$200-to-\$400 Hifi Sale for Back-to-School Budgets.

A good hifi should be at the top of your shopping list for school "essentials". Because a good music system can transform the most sterile dorm room, the drabest apartment, or even a room in your parent's house, into a really pleasant place to study, relax, and entertain new friends.

So for three weeks only, Tech Hifi is having a Back-to-School Sale featuring several component systems priced in the \$200 to \$400 range. Just right for tight budgets.

If you already own a good music system, but would like to make it even better, we've put together an exciting selection of new, used, and demo components. All are from famous manufacturers. All have been *speciaily-reduced* just for this sale.

Don't miss Tech Hifi's Back-to-School Sale. It's the biggest hifi sale of the entire school year.

The system shown below with the nice-looking person will only cost you \$199 right now. Studio Design LS-2 loudspeakers have bass-reflex enclosures that provide rich, high fidelity sound with incredible efficiency. So when you combine them with the amply-powered Cambridge Audio 1500 am/fm stereo receiver, you end up with a system that will play music as loud as

you want to hear it! The tuner section of the Cambridge Audio 1500 brings in clean reception from both local and distant FM stations. A Glenburn 2110B automatic turntable completes the system. Ordinarily these components would sell for \$339 together, so you'll save \$140 if you buy the system during the sale.

\$199

Receivers

	Regular	Sale
